UPT2S Project in XXVI Congress of the European Spain / First Virtual Meeting

Co-funded by the  
Erasmus+ Programme  
of the European Union

## UPT2S project participated in the XXVI Congress of the European Spain

Valencia hosted dozens of professors, technicians, organizations, companies and professional training centers from February 19 till 21, 2020 on the occasion of the European Congress of Spain organized by the EFA La Malvesía.

This VET center, specializing in the rural world, in 2020 presides over the non-profit association and prepared an event aimed at teachers of Vocational Training of agricultural families and agri-food industries, as well as other technical teachers with an interest in the subject.

Under the title “Vocational Training as an engine of development”, La Malvesía planned a very complete program.

Miguel Guasp, International Coordinator, participated in one of the sessions explaining the Upgrading Trainers in Dual VET System (UPT2S) project, his core and the intellectual outputs that must be developed during the life of this project.

If you would like more information about the UPT2SProject, email us at [info@malvesia.org](mailto:info@malvesia.org) or call +34 962 55 04 20

Conference attendees were very interested in the project. Questions and discussions were encouraged about the importance of the professional enhancement of the role of the trainer in VET Dual System and the need to provide them with different resources such as a specific training (online-course), evaluation tools that allow to carry out the monitoring in real time the progress of the trainees and guideline of the best practices.

The attendees appreciated the efforts very much that UPT2S project is making to improve VET DUAL System quality and enhancing the role of the trainer.

Comments from attendees included:” This project could reinforce the links between Education centres and companies”, “The app is a great solution to know in real time the strengths and weaknesses of our students during their internships”, “Our trainers need more resources and training to solve daily problems that happen during the internship period”.

### **First Virtual Meeting of the UPT2S partnership via Etwinning**

Last 26th of February the members of the Erasmus+ project UPT2S carried out their first virtual meeting via eTwinning.

This meeting was very beneficial for our work due to allowing advances in various critical aims of the project. Firstly, the template and structure of the theoretical part of the units regarding a training course for trainers was agreed by the partner partnership.

In addition, the Dissemination Plan provided by Croatian partner was checked and approved by the rest of the members of our team. Moreover, different proposals to help us to develop the evaluation APP were analysed by the partnership focused to develop and implement this innovative resource through to advice of an IT Company with the participation of our teachers and students involved in VET DUAL System. This idea got very positive feedback which became another opportunity to increase the quality of the VET DUAL System involving their stakeholders.

Finally, the details and the task to be carried out by the partners about the Transnational meeting: France in June 2020 were agreed.

More details on this event will be announced in future issues...
